Thought for the Week: *The only way around is through.* Robert Frost

REMEMBERING HOKE

Dave Sipe and several other staff members at Salamonie School have selected May 8th as a day dedicated to exercise in

memory of Linda Holdcroft. Students, staff and the community will gather in the gym first thing (after attendance) to dedicate a plaque and say a few words about Hoke and her love of exercise followed by everyone making one lap around the track. Students will be dismissed back to class with all PE classes enjoying the day exercising in honor of Miss H. Students and staff are also invited to bring one item of clothing that will be donated to the FCI ~ Forgotten Children International. This organization collects and raises money to build and send clothes to orphans in India & Russia. The FCI truck will be parked outside of the gym to receive the items of clothing as students leave the bldg. Information will be sent home with students in the next few days.

Former colleagues and family members as well as the community are invited to attend this program. Please feel free to suggest names that we might not have thought of to include for this program.

CONGRATS!

Congratulations to Katie Moriarity and Taylor Boxell, students at Salamonie School, who received the Indiana Council Teachers of Math (ICTM) Excellence in Math Award recently. Way to Go!

LIBRARY THANK YOU

The Warren Public Library would like to thank Jim (and Connie) Mossburg for making and donating a bench for the area near the handicapped accessible door. This is a great addition to the Library and we appreciate their willingness to fill this need. Not enough can be said about their thoughtfulness and concern for those using the elevator. They are true "friends of the library and community."

THE UPTOWN GARDENER

by Ruth Herring

Hope that everyone has been enjoying this great weather as much as I have. It could stay like this forever and would make me happy.

This week the garden got tilled up thanks to our brother in law Dave Coulter, he sure did a great job on it. Thanks Dave. It was a nice way for you to spend your birthday celebration.

Today I finally got the potatoes planted and some peas and lettuce. Wanted to get it done before the rains came. The first planting of peas I did on St. Patrick's day are coming up nice. Can't wait to be able to pick some. I plant the snow peas that is good to eat raw. I like to go out and pick a few and eat them right in the garden.

I also like to eat carrots that way. Years ago at home our neighbors who lived in a log cabin down the road from us had a huge garden that was creek bottom area and sandy soil. They always had such good carrots. I would play with their daughter and many times we would go into the garden and pull a carrot to snack on. If it had too much soil on it we would wash it off in the creek. Loon Creek divided the property and we spent many hours along the creek at our favorite fishing spots hoping to catch enough for supper.

I was back there some time ago and the whole area was all grown up in trees and brush and someone had rerouted the creek and the old fishing holes are gone and the log cabin where I spent many hours visiting is in shambles. Nothing looks familiar anymore. Even our small farm is all grown up in trees and shrub growth till you hardly recognize it. Our secret spot to hunt mushrooms is now a dense area of wild willow trees. Even our house has been torn down and a new modern home sits in its place. Nothing reminds me of home except the barn my dad built and was so proud of and it has not had the TLC that my dad gave it. Time can change all things.

While I was planting potatoes I was trying to think what I could give for the recipe this time and something potato came to mind. I found this recipe for German Potato salad in a recipe booklet that Treva had made for Kendra to give me for a Christmas gift many years ago. It is all hand written and one of those gifts that is very special to me. The potato salad is quite good.

6 cups hot diced potatoes, 9 slices of bacon diced, 1/2 cup vinegar, 1 tablespoon vinegar, 1 1/2 tablespoon mustard, 1 tablespoon chopped parsley, 1/2 cup diced onion, 3 tablespoon bacon drippings, 1 tablespoon flour, 3/4 cup boiling water, 1 cup sour cream, salt and pepper to taste.

BE RED CROSS READY

Most of us look forward to the warmer temperatures that accompany the arrival of spring. But with warmer weather comes the threat of severe storms. Americans live in the most severe weather-prone country on Earth. Each year, Americans cope with an average of 10,000 thunderstorms, 5,000 floods, 1,000 tornadoes, and an average of six deadly hurricanes.

What would you do if your home was destroyed by a tornado? What would you do if you were forced to live without electricity or running water for a week? The American Red Cross wants you to be Red Cross Ready: get a kit, make a plan and be informed. For more information, visit www.redcross.org.

Giving blood is another way to help your community be Red Cross Ready. Your blood donation helps ensure that blood supply levels are steady for whatever emergency or disaster situation arises.

You can help your community Be Red Cross Ready on:

Thursday, May 1, from 11 a.m. to 3 p.m. at Knight-Bergman Center located at 132 S. Nancy St. in Warren.

Fundraiser

Please join us for a fundraiser benefiting the GREAT STRIDES WALK for Cystic Fibrosis research at East of Chicago Pizza. Friends and family of Dalaney Vickrey will be raising funds Tuesday May 13th from 5-8 pm to be donated to the walk to be held at Huntington University on May 18th. GREAT STRIDES is the Cystic Fibrosis Foundation's annual walk that raises money to help support vital cystic fibrosis (CF) research and care programs.

CF is a life-threatening and often fatal genetic disease that affects the respiratory and digestive systems of tens of thousands of children and young adults in the United States.

Dalaney is the 7 year old daughter of Warren residents Bret and Carin Vickrey and has cystic fibrosis. Dalaney's team will receive \$1.00 for every adult buffet sold and all tips earned from the night.

Cystic Fibrosis Awareness Month

Cystic Fibrosis is a life-threatening genetic disease that affects the lungs and digestive systems of approximately 30,000 children and adults in the United States.

A defective gene causes the body to produce unusually thick, sticky mucus that clogs the airways and leads to life threatening lung infections, obstructs the pancreas and stops natural enzymes from helping the body break down and absorb food.

More than 10 million Americans are unknowing, symptomless carriers of the defective C.F. gene.

The disease occurs in one of every 3,500 live births of all Americans and 1,000 new cases of C.F. are diagnosed each year.

The Cystic Fibrosis Foundation is the leading organization

committed to finding new therapies and ultimately a cure for C.F. and to improving the lives of those with the disease.

To advance the search for a cure, the Foundation funds promising scientific research at medical centers and biotech companies nationwide.

To ensure that people with C.F. receive state-of-the-art diagnosis and care, the Foundation supports and accredits more than 115 specialized treatment centers across the country.

To support its mission, the C.F. Foundation holds thousands of special events each year and reaches out to generous individual and corporate donors.

The largest annual event, the Great Strides Walk for a Cure will be held the weekend of May 17 and 18. Locally, we are pleased to be hosting a walk at Huntington College on Sunday afternoon, May 18 at 2:30 p.m. If you are interested in forming a team, walking with a team, or making a contribution to a team, log onto their website at <http://www.cff.org/greatstrides>. To help if you don't have a computer, call Barb Steele at 356-0111 or Carin Vickrey at 468-9096.

THANK YOU

Words cannot begin to express the gratitude we feel for the overwhelming support that has been expressed towards our family during our time of grief. We would like to extend a special thank you towards the Liberty Center 1st Responders and the medical personnel that responded to the house. To our family and friends family who brought food, extended a note of encouragement or sympathy, or were simply there to cry with. Your thoughts and actions will never be forgotten. HELPS 7 FAMILIES

What a blessing in a box Angel Food Ministry is becoming to our area. By having 236 orders we received 2 free box units and \$236 (a dollar for every unit ordered) that we were able to recycle into free food for families in need. We helped 2 families at the Warren Bread of Life Food Pantry and 5 families in the area who were needing a little help. As the orders increase so will be the blessings we will be able to bring to families in need. We are working with the Food Banks in Warren, Markle and Van Buren to become aware of needs and we're glad Angel Food Ministry is here to help.

With the rising food prices ABC did a special report on the situation and used Angel Food Ministry as an example of how this ministry is helping everyone in these tough economic times. With the gas continuing to rise and food shortages around the world, AFM is really a God's Blessing in A Box for \$30 per unit. The additional boxes of "SPECIALS" you can order after purchasing the main unit is an added blessing. If you'd like to see the ABC SPECIAL go to www.abcnews.com and click on the story entitled "Outrageous Food Prices" and see the report.

Just a reminder that this Saturday, May 3 is the deadline for ordering the May Menu, which was printed in last week paper and is available at most businesses in Warren and 15

area churches. If you need information on the menu and ordering call 375-2293 or 224-4844. Get in on the blessing and help bring blessings to others.
