### ACCEPTING NOMINATIONS

The Huntington County Youth Leadership Academy is accepting nominations for the upcoming Youth Leadership Class of '07. The Youth Leadership Academy, which has graduated a total of 70 youth from its program in four years, is an opportunity for youth with leadership potential to gain skills in a variety of areas. The leadership program is a county-wide collaborative effort involving local community leaders and partners. Plans are to involve approximately 20 youth during their sophomore year to foster leadership and community service.

The Youth Leadership Academy is now accepting nominations of current high school freshman. Nominations may be submitted by adults or youth may nominate themselves. The nomi-

nated youth may be involved in public, private or home schooled settings. Nomination forms should be submitted by June 1.

Through the Youth Leadership Academy, participants will identify personal leadership strengths, gain leadership skills and learn about many aspects of the Huntington County community. Youth will be exposed to a variety of leadership opportunities, as well as identify and impact local community issues.

Participants from the Class of '06 gained a variety of skills in working with a diverse group of people, learned about the importance of community involvement and how much businesses and organizations rely on each other. These recent Youth Leadership Academy graduates also learned interviewing skills, trust and team-building, along with improving communication skills.

Even parents of the class members recognized what their teenagers gained from participating in this leadership program. They share how their child is more

confident in making decisions, more informed about the community and more comfortable in speaking up about community issues.

Young people who are nominated will be asked to complete an application form and additional information about the program will be mailed to all nominated youth in mid-summer.

The Youth Leadership Academy will officially begin in the fall with an overnight retreat in September for all selected participants. Students will meet for six half-day class sessions from October through February and the program concludes with graduation ceremonies in March 2007.

The Youth Leadership Academy is a leadership program coordinated through Huntington County Leadership, Inc. For more information about the Youth Leadership Academy or nomination forms, contact Linda Aldridge at Purdue Extension – Huntington County Office, (260) 358-4826.

## KUDOS, KICKS & KARATS

### To Our Warren Friends:

Thank you all so much for remembering me with prayers, cards, and phone calls during my seven weeks of radiation for breast cancer. The treatments went quite well thanks to God and all the prayers that were being said for me. I wanted you all to know I received your cards of encouragement and how much George and I appreciated them.

Lois & George Dye Haines City, FL.

### DEAR EDITOR:

Well, it's Sunday evening and I just walked back in my house after a quick trip up to Tower Park to take my husband and Duke Aldridge a couple of base stakes for the diamond. They are once again giving up a day off to work on the fields. Two weekends ago it was my husband, Shane Eltzroth, and Jeff McCoy who worked an entire weekend on diamonds. Don't get me wrong, all of us do all that we do because we want to make things nice for the kids. There is no pay involved except for the huge enjoyment we all get watching the kids of Warren Baseball & Softball playing their season.

As I was driving back from Tower Park I spotted two kids on the Civic Center ball field, riding bikes around the infield and ramping over each base as they went. As I was turning my car around to go back to the Civic Center field, I realized that a parent was sitting there watching them do this!! The ball league just spent almost \$700.00 on this field for new bases, special ball dirt on the infield, and new bat racks for the kids to use. It was not as if these kids did not play ball, so they didn't care about the diamond, one of the kids had just finished her coaches pitch practice!!

The coaches in our league work very hard to teach the kids that they should take care of their park so they have a nice place to play ball. Whether that means keeping trash picked up, or not tearing up anything at the park. It is very hard to instill this in the kids if the parents do not reinforce this idea.

Riding anything on the diamonds is considered vandalism and will be treated as such. Ramping the bases cracks the underside and a set of bases costs a couple hundred dollars. Even though you may not be the one paying for them or having to fix the ruts in the field, somebody does and they do not get paid for doing so.

Please, everyone, talk to your kids about being respectful of the Parks in this town, so we may all enjoy a nice place to spend time. If everyone works together, maybe some of our wonderful volunteers in Warren Baseball & Softball League won't have to give up quite as much of their free time that they get so little of.

Thank You  
 Lisa Williams

## OUT OF SCHOOL BASH

Come join us, at the Hillcrest Church of the Nazarene on Wednesday May 31st. at 6:00 p.m. There will be food, games and fun for all ages. The public is invited, as we celebrate the end of another year of school and look forward to all the activities our great town of Warren provides to all our children during the summer months. You are welcome!

The youth of the Nazarene Church just finished their 5th annual bike-a-thon, that raises money to send children to summer camp. There were about 30 youth involved in the bike-a-thon, along with two over the hill youth. It was a sunny and beautiful day. A great time was had by all as they rode to Liberty Center and back. Most of all a Big Thank You, from the Youth to all those that pledged and supported them.

## NEW FIREWORKS LAW

With the fireworks season fast approaching, Indiana citizens and retailers are being reminded of a new state law governing the use and sale of fireworks.

The law which Governor Mitch Daniels signed in March will help fund important public safety programs around the state, such as firefighter training, through the collection of a new 5-percent safety fee on the sale of all fireworks beginning June 1. The law also includes requirements regarding where and when consumers can set off fireworks, as well as requirements for structures where fireworks are sold.

"The new law did remove the requirement for fireworks purchasers to sign a document stating that they will take the fireworks out of state before setting them off," said Indiana State Fire Marshal Roger Johnson. "However, Hoosiers do need to be aware of restrictions that are in place regarding the use of fireworks, as well as the possible penalties for violators. We want to make sure that citizens are aware of these restrictions ahead of time."

Some of the provisions in the new law include:

Fireworks may be used only on the user's property; or on the property of someone who has consented to the use of fireworks; or at a special discharge location. (Note: A special discharge location is a place designated for the discharge of consumer fireworks under temporary policies of the State Fire Marshal that are in effect until the Fire Prevention and Building Safety Commission adopts rules.

Fireworks can be purchased only by persons 18 years of age or older and children may possess or use any kind of firework only when an adult is present.

Penalties for violating the fireworks law can range from a Class A misdemeanor up to a Class C felony in the case of the reckless or intentional use of fireworks that results in a person's death.

The new law also includes requirements for fireworks retailers:

Locations where fireworks are sold must be registered with the IDHS Division of Fire and Building Safety, unless it is a permanent structure where only Section 8(a) fireworks such as sparklers and ground spinners are sold. The locations must also comply with safety requirements specified in the law for various

types of structures.

Each fireworks retail sales location must be inspected by an employee of the IDHS Division of Fire and Building safety, or an employee of a local fire department that conducts the inspection in accordance with policies and guidelines of the State Fire Marshal.

Each fireworks retail sales location will collect a public safety fee with each transaction that will be payable to the Indiana Department of Revenue.

"The funds generated by this law will help enhance firefighter training and Indiana's disaster response capabilities," said Johnson. "The funds will allow the Indiana Department of Homeland Security to provide firefighter training deliverables directly to the local level, and will also allow IDHS to deliver local training through an adjunct instructor program directly to counties."

A portion of the funds will also be used to establish a State Disaster Relief Fund, which will help cover the costs of the state's response to emergencies or disasters, especially those that may not qualify for any federal disaster assistance.

### CLASS OF '52 MET

Class of 52 met prior to the Alumni Banquet May 13th in Phoeba (Goodmiller) Wiley's 5th grade classroom at the Knight-Bergman Civic Center.

I thought to myself, I believe the chatter had to be louder than it was approx. 60 years ago. (Maybe it was because Miss Goodmiller wasn't there to Quiet the group.) Think I'll take a bell next year to get everyone's attention. The Class made a decision to meet the same time and place next year, second Sat. of May 2007, for their 55th anniversary.

Mary Emma Adsit Holmes had sent out notification to class graduates and several who had been classmates over the 12 years at Warren H.S. Responses were heard from some unable to attend, including Ruthann Pribble Fickle, Janet Williams Brauchla Emma Williams, wife of Class Sponsor Earl Williams, Gloria Ann Sheets Jackson, a Phone call from Sally Eckman Humbaugh.

The obituary of a former graduate who died Just May 5, 2006, Bruce E. Bardsley was read. Other deceased members: Gene Brauchla, Ronald Moore, Robert Stucky and Paul Roberts.

Not all of the grads and classmates were able to attend both the reunion and banquet. Harold and Louise Campbell attended the banquet. Those attending the reunion only or both were: Robert

and Shirley Crispin from Hgtn., Chella Heaton Gonsalves from Modesto, Calif., Cynthia Good French from Ft. Wayne. From the Warren area were Ronald and MaryLee Brinneman, Kathern Buzzard Ralston, Janet Eltzroth Vaught, Linda Laymon Cloud, Beverly Goodman Boxell and Charles, yours truly Mary Emma.

Former classmates: George Fleck, Williamsburg, Mass., Nancy Good Meyer, Tipton, two preachers kids, Willis and Carmen Cole, Palm Springs, Fla. and Joseph and Martha Pickett of Van Buren and Marion area. (Sorry fellas I had to throw that in. You weren't typical preacher's kids.)

Willis is an accomplished pianist. He gave each member present a tape of his music. I've listened to every note. What a spiritual blessing of christian hymns.

We will excuse Wayne and Mary Ann Jackson for not attending this year. They were Celebrating their 50th Wedding anniversary at the Warren Sportmans Club. Congratulations!

When I got home and digested what I had heard and know about the lives of the class of 52. They have made quite an impression on civilization. Nurses, school and college level teachers, sales, management, factory work, preacher, farming, veterinarian, office jobs, served their country in all ranks to Col in the U. S. Army, active in civic jobs in the home community and very active in church work.

The teachers and parents are probably very proud of the accomplishments.

The class motto: With the ropes of the past we will ring the bells of the future. Thanks, Warren H.S. Class of '52 keep them bells ringing. God Bless!

### MOTHER'S DAY CELEBRATION

Twenty children attended Mother's Day Celebration at the Van Buren Public Library on Friday, May 12, 2006.

The children & our special guest mother entered into the children's department of the library and signed in. Each child received a paperto fill out about their mother. The information was her name, how old she is, favorite food and what the mother likes to do. The mother that was present was able to help her girls with the information. Other children knew most of the answers about their mother.

Karen read some poetry about mothers from the book "Mother's Day" found in the children's department of the library.

The children enjoyed making Mother's Day cards. They cut two large butterflies out of construction paper. One butterfly was cut smaller than the other. They glued the butterflies together and decorated them. They added a body and wiggle eyes and the cards were ready to present to their mothers. The cards turned out really neat.

Pink lemon-aid with an ice ring was served from a punch bowl and glass cups. We served a Tropical Cake onto yellow paper plates and had yellow napkins on a special table cover. We had Carmel corn and candy. We had fun as we celebrated Mother's Day in a special way.

Those attending were Ashley Kerr, Cathryne Anderson, Amy Kerr, Hannah Wormgoor, Kaithlyn Peer, Kortney Peer, Karlee Laypoole, Autum Smith, Emilee, Kaylee & Baylee Morgan with their Mother Leta Morgan, Olivia Bryant, Holly Felter, Icily Cromer, Jessica Smith, Edward Quick, Olivia Petersen and her brother, Mallory Smith and Ashley Hatland.

Next story time we will celebrate Armed Forces Day. Our special guest will be Mike Long. Mike is home on leave.

### ANGRY WORDS

*by The FlyLady, Marla Cilley*  
What is it about our busy lives that cause us to spout angry words like a geyser? At the drop of a hat we can spew nastiness all over our loved ones, friends and even total strangers.

I have heard every excuse in the world for the angry words that come from our mouths. They start with, I had a bad day, I didn't get much sleep and the worst is you made me do it. This excuse is no different from the abusive husband who blames his wife because he hit her.

I will never forget a testimonial we received from a mother who sent her child out into the world with angry words ringing in his ears. Those angry words were the last words he ever heard from his mother because he was killed when a car ran over him. There is no excuse for ever allowing abusive language to hurt anyone.

Think back to when you were a child. Can you remember some hurtful words that were yelled at you in anger? When a room full of people of all ages was asked this question they could recount the

event as if it were yesterday. Angry words linger and fester! They cannot be taken back. They leave your lips and scare people for life!

I want to get to the basis of this ILL behavior. This is just what it is! I think it is because you are not getting your nap out. We all know how our babies act when they have not had their naps. Lack of sleep makes us cranky, angry, fat, sick, sidetracked and unable to concentrate. These are some of the symptoms we experience from our inability to go to bed, shut our brains off and get the rest that our bodies need.

There are a lot of reasons we do not get enough sleep. It could be that you don't go to bed at a decent hour or when you do go to bed your mind will not shut off. You may need to see your doctor for some help. Another reason is that you have sleep apnea. Your doctor can help you with this too. I am a light sleeper and have discovered that wearing earplugs has helped me to get a good night's sleep.

These earplugs keep me from hearing every little noise in the house. Not only have I had more energy but I think this is one of the reasons I have reduced my Body Clutter. I have started to dream again and feel refreshed when I get up in the morning. Not everyone can do this because of being alone in the house or having babies. A white noise machine can also help you to sleep better.

Now let's look at what happens around you when you have this ILL attitude: Your children run for cover, your husband has learned to ignore you and your co-workers give you a wide berth. Then you compound the lack of good sleep with the stress that we place on ourselves with perfectionism. It's a wonder we can stand ourselves. You know that may be real problem.

When we don't like ourselves, we don't do what we need to do to stop this vicious cycle of NO SLEEP, STRESS and SOUR Attitudes.

I want you to find peace. We can't have this peace if we are lashing out at our family in anger.

### JUNK FOOD CLUTTER

*by The Dinner Diva,  
Leanne Ely*

Believe it or not, there is such a thing as food clutter. This is the stuff that truly does not qualify as food, but instead is an artificial coloring, flavoring or some kind of chemical additive that will preserve or influence the manufactured food. This food clutter is also known as junk food, but I prefer to call it food clutter because clutter is like litter you just want to get rid of it.

Now more than ever, nutritional nightmares abound on grocery store shelves. Products that are manipulated to hook us into food addictions take us hostage daily. It simply does not have to be like that. I tell you what, you implement these simple rules, and you will no longer be victimized by the food industry again: read the food labels of each and every product you buy.

SKIP anything with an additive you can't pronounce or don't know what it is. Watch too, for food dyes. Did you know that Red No. 3 (a dye allowed in foods) is also used as a pesticide for spraying on manure piles to kill maggots? (Source: EPA) Think about it: why would you want your child drinking an electrolyte replacement drink that looks like toilet cleaner? Do you REALLY want that kind of dangerous clutter in your food? These additives, fake colorings and flavorings are the food industry's weapons of mass destruction true chemical warfare. Say NO to this food because it is not food!

Keep it simple: eat real food, skip the icky mixes that you constitute with water, partially hydrogenated and hydrogenated oils, and all that garbage. You know what food looks like. You'll find it in the produce section, the meat counter, and some fairly inexpensive dried beans, whole grains and breads on your grocers shelves. Read the labels, strap on a whole new mindset of awareness and get rid of the junk. The results will astound you. You will see your children's behavior improve, your own moods even out and your grocery bill decrease junk food is expensive.

We need to be reminded that we are feeding souls not filling holes. Your children's tummies can't be filled like a hole in the plaster. They need honest nutrition that will help them grow, learn and become all that God intends them to be. They can't begin to reach their potential if they are under nourished (with real nutrients) and over fed (with junk). Think about your car. You'd NEVER intentionally put less than decent fuel in it or you might

damage the engine. Why would you do that to yourself or your family? You can always replace your car, but those faces across the dinner table are irreplaceable.

### THE 90TH INDIANAPOLIS 500 RACE TO BE HELD ON MAY 28

The famous cry of "Gentleman, start your engines!" will ring out for the 90th time on May 28, and the largest single-day sporting event in the world will be on its way.

The first "500" was held in 1909. The first surface of the track was made of crushed rock and tar. It was found to be very dangerous. Later that year, 3,200,000 paving bricks from Western Indiana were laid on their sides in a bed of sand and fixed with mortar. They inspired the name "The Brickyard." The race wasn't held during the two world wars, 1917-1918 and 1942 to 1945. In 1945, the track was bought by Tony Hulman who started the rejuvenation program that transformed the facility into what it is today.

With the exception of one event in 1916, the track was used only once a year, for the 500 race. But in 1994, the tremendously successful NASCAR Brickyard 400 debuted at the track.

Repeat winners of the 500 include:

Wilbur Shaw in 1937, '39 and '40.

Bill Vukovich in 1953 and '54.

A.J. Foyt in 1961, '64, '67, and '77.

The Unser family won eight races: Bobby Unser in 1968, '75 and '78; Al Unser Sr. in 1970, '71, '78, and '87; and Al Unser Jr. in 1992 and '94.

Johnny Rutherford, 1974, '76 and '80.

Helio Castroneves in 2001 and '02.

In some recent years the call of "Gentlemen, start your engines!" had to be changed to "Gentlemen and lady, start your engines."

Four women drivers have entered the 500: Janet Guthrie in 1977-1979; Lyn St. James in 1992, '97 and 2000; Sara Fisher in 2000-2004; and Danica Patrick in 2005.

### MEMORIAL DAY IS MAY 29

**Remember our fallen heroes**

On Memorial Day, we honor the memory of the brave men and women who died while serving our country. We put flags on veterans' graves, listen to Taps played at sporting events, and lower our flags to half-mast.

Memorial Day has its roots in the time during and after the Civil War. Southern women decorated graves of their fallen heroes even as the war raged on.

Many areas claim they originated Memorial Day but the official tip of the hat has been given to Waterloo, NY. In 1866, Henry Welles, a druggist in Waterloo, suggested that the shops close for a day to honor all the Civil War dead. General John B. Murray agreed and lent his influence to the observance.

On May 5, 1866, a pilgrimage of villagers visited the three local cemeteries to decorate graves of those who perished in the Civil War. They called this ceremony Decoration Day. The title was later changed to Memorial Day. President Lyndon Johnson proclaimed Waterloo the birthplace of Memorial Day in 1966.

Other areas also claim to be the birthplace of Memorial Day including Boalsburg, Pa., Macon, Ga., and Richmond, Va.

In 1971, President Richard Nixon declared Memorial Day a national holiday that would be celebrated on the last Monday in May. Southern states, including Georgia, Alabama, Mississippi, and South Carolina, have added a separate day for honoring their Confederate war dead.

Many families use this day to remember all their dead, veterans or not, by visiting the cemetery and placing decorations on their loved ones' graves. On this 2006 Memorial Day, May 29, we all have someone to honor.

Don't forget to honor our current service-men and women with a moment of silence in honor of all they are doing for us right now.
